The Department of Health & Human Services

The United States Department of Health and Human Services (HHS), also known as the Health Department, is a cabinet-level department of the U.S. federal government with the goal of protecting the health of all Americans and providing essential human services. The Food and Drug Administration is a federal agency of the United States Department of Health and Human Services, one of the United States federal executive departments. The FDA is responsible for protecting and promoting public health through the regulation and supervision of food safety, tobacco products, dietary supplements, prescription and over-the-counter pharmaceutical drugs, vaccines, biopharmaceuticals, blood transfusions, medical devices, electromagnetic radiation emitting devices (ERED), cosmetics, animal foods & feed and veterinary products.

What We Want:

- **1.** The immediate cessation of drug advertising.
- **2.** The end of pharmaceutical drug proliferation.
- **3.** The disbursement of care of Black children in the American foster care system.
- **4.** The immediate approval of natural herbs & remedies for various conditions, syndromes & diseases.
- **5.** The immediate cessation of the administration of Ritalin, Adderall, hallucinogens & other mindalternating drugs to children. 6,000 kids use Rx drugs daily to get high for the very first time.
