The Dept. of Commerce

The **United States Department of Commerce** (**DOC**) is the Cabinet department of the United States government concerned with promoting economic growth. The mission of the department is to "promote job creation and improved living standards for all Americans by creating an infrastructure that promotes economic growth, technological competitiveness, and sustainable development". Among its tasks are gathering economic and demographic data for business and government decision-making, and helping to set industrial standards.

What We Want:

1. The enactment of the *Urban Business Play* program.

2. The immediate end of tax credits to temporary job agencies.

3. No more products imported from child labor exploitation countries.

4. The allowance of collective bargaining in all 50 states if the people want it.

5. Big business be allowed to fail. We need to end the creation of monopolies.
